Subject: Division of Corporations Registration, Nephi Sandstone Corporation, Soma and Champlin #1 Quarries, S/023/0065 and S/023/0104, Juab County, Utah

Dear Mr. Evans:

According to information on the web site of the Utah Division of Corporations, Nephi Sandstone Corporation is no longer registered to do business in Utah. Nephi Sandstone Corporation voluntarily dissolved as of May 29, 2015.

The Notices of Intention for the Soma and Champlin #1 Quarries need to be updated to show the operator as either an individual or an entity that is currently registered with the Division of Corporations. Another option would be to renew the registration for Nephi Sandstone. The reclamation sureties need to be in the name of the operator, so a change in operator name would require that the sureties be modified to reflect that change.

Please submit revised Notices of Intention and changes to the bonds by December 1, 2015.

If you have any questions please call Wayne Western at 801 538-5263 or myself at 801 538-5261.

Sincerely,

Paul Baker
Minerals Program Manager
